The Tokyo Olympic Games and Paralympics are going to be held in 2020. We assume many foreigners visit Japan during the period and enjoy her beauty. Some of them may call on KAIRAKUEN Park, as it is one of the three great gardens in Japan. It is a good chance to let them know about Japanese hospitality and sincerity. This training enriches you how to handle our heritages and translate them into English. Why don't you join this event and help us translate what KAIRAKUEN Park is like in English? We are all looking forward to meeting you and your friends at this event. Thank you.
